

SOLE-SOURCING REQUIREMENTS

Sole sourcing of items is subject to the Federal Acquisition Regulations and approval by ADOT. For Your Information: Below are excerpts from the regulation from the Federal Acquisition Regulation (FAR) pertaining to sole sourcing. The link to the FAR is <http://acquisition.gov/comp/far/index.html>.

In order to meet the F.A.R. requirements, submit a letter of request on your City or Town letterhead to use specific brands, giving the description of the product, the City's justification for sole-sourcing its use, and estimated value. Under the Department's Certification Acceptance agreement with FHWA, ADOT's Chief Landscape Architect is the approving authority for sole-source items. The request will be review and forwarded by the ADOT project manager with a recommendation to Leroy Brady Manager/Chief Landscape Architect, Roadside Development Section for action. Otherwise, the product descriptions for each item need to include, in addition to the brand name, a description of the salient physical, functional, or performance characteristics of the brand name item that an "equal" item must meet to be acceptable for use on the project.

11.104 Use of brand name or equal purchase descriptions.

(a) While the use of performance specifications is preferred to encourage offerors to propose innovative solutions, the use of brand name or equal purchase descriptions may be advantageous under certain circumstances.

(b) Brand name or equal purchase descriptions must include, in addition to the brand name, a general description of those salient physical, functional, or performance characteristics of the brand name item that an "equal" item must meet to be acceptable for award. Use brand name or equal descriptions when the salient characteristics are firm requirements.
